Get the natural look...

MyLook
Cosmetics by Susan Ghosh

MyLook is a cosmetic treatment service provided by our highly experienced team and Advanced Aesthetic Practitioner Susan Ghosh - RGN, NIP. Our cosmetic treatments can be carried out by appointment at one of our clinics for just a one-off treatment or more.

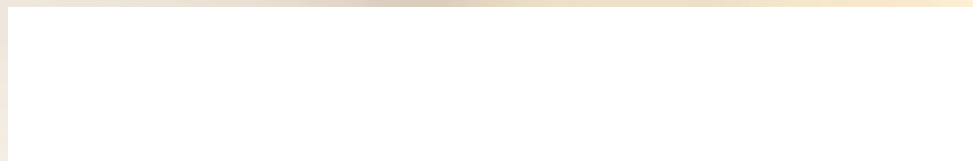

We also offer a FREE consultation to all customers. Our experienced practitioner will discuss your expectations and concerns, and also give you the opportunity to ask any questions. We will then develop an achievable and agreed treatment plan that meets both your desired goals and budget.

MyLook cosmetic treatments include Botox® and Dermal Fillers such Juvederm® Ultra, Restylane®, Perlane® and Voluma®. We also offer a range of minor surgery procedures and are official distributors for Environ, which is the only medically researched anti-ageing / cosmetic range of skin care.

The vast majority of our procedures are completed within 30 minutes and you can often return straight back to your normal routine. Full aftercare is also provided.

MyLook also has the medical support of Dr Arun Ghosh, a leading private GP who features regularly in the media and on television.

To book an appointment or find out more about MyLook and our treatments, contact your local clinic or our team on:
