

Private Healthcare Becomes More Accessible for Liverpool Residents

Visiting a hospital can be stressful at the best of times without the hassle of traffic and having to cross from one side of Liverpool to the other. Consequently Spire Liverpool Hospital has launched a new clinic to provide a first class private healthcare facility for the residents of North Liverpool. Located at Prem House, 2 Park Road, Crosby, the new Spire North Liverpool Consulting Rooms offer the reassurance of quality that comes with Spire Healthcare.

Dr Arun Ghosh

Dr Nigel Chatwin

Professor Paul Edwards

Liz Cousins, Hospital Director said: “We are delighted to be offering this exciting new facility. The service will ensure that patients can look forward to being seen quickly, closer to where they live, and that they are cared for by a team of experienced doctors, consultants and clinical nurse specialists who are experts in their field.”

“The location of the service means that we can offer appointments outside of the normal hospital hours which will provide greater choice and flexibility for people, whether they have private medical insurance or paying for their own treatment, particularly helpful for those who work. Already our private GP service is proving very popular and we plan on offering orthopaedic services very soon.” confirms Liz.

Private GP Service

Private General Practice is a convenient and effective way for families, companies and individuals to access good health care. Reputable private GP’s Dr Arun Ghosh and Dr Nigel Chatwin provide a friendly, reliable, personal service with all the convenience, expertise and treatment facilities you would expect from Liverpool’s leading private healthcare provider.

You can book an appointment with either GP for a one off consultation, maybe a health screen or check up. Or you may be looking for a more long term relationship and wish to have a private doctor to monitor you through your pregnancy or illness.

“We provide men, women and children with as much time at their appointment as they need. Our aim is to help our patients stay fit and healthy in both mind and body, supporting them in diagnosing illness and aiding recovery” explains TV and radio celebrity doctor, Dr Arun Ghosh.

“The benefit of a private GP is the convenience aspect, combined with a discreet and sensitive service in a relaxed environment” confirms Dr Nigel Chatwin.

Dr. Arun Ghosh specialises in sexual health, obstetrics and gynaecology, weight management and cognitive behavioural therapy.

Dr Nigel Chatwin has special interests in travel medicine, women’s and men’s health, weight management, depression, pain relief and arthritic conditions. He works with Dr Arun Ghosh and Pam Armstrong to help individuals withdraw from tranquilisers such as benzodiazepines and sleeping tablets.

Confidential advice and treatment options are provided for all medical conditions, including:

- Cognitive Behavioural Therapy
- Diagnostics
- Family Planning Service
- Health Screening & Well Man/Woman

- Individual & Business Travel Insurance
- Physiotherapy
- Private Health Services
- Private Prescriptions
- Sexual Health Clinic
- Sexual Health Screening
- Travel Clinic & Travel Health Advice
- Vaccinations & Immunisations
- Weight Management

Addiction/Detox Clinic

Addiction can happen to anyone at any time. It can take place with a range of activities and substances, leading to obsessive compulsive or excessive psychological dependence. Dr Arun Ghosh and Dr Nigel Chatwin run one of the UK’s only specialist treatment clinic’s for people addicted to prescription drugs and/or drugs bought from the chemist, a problem often overlooked by many other addiction centres and often misunderstood.

Dr Arun Ghosh has experience of dealing with a range of patients and also high profile patients, including talented Premier League footballers and actresses, who have come to him for help, when they couldn’t cope with their lifestyle.

Treatment options are prescribed following consultation and vary between one-to-one counselling sessions or you may be admitted into Spire Liverpool Hospital as an inpatient.

Vascular Surgery

Varicose veins can not only look unsightly but can be extremely painful. Professor Paul Edwards is a leading vascular surgeon, specialising in the management of varicose veins using non-surgical and minimally invasive techniques including Endovenous Laser Treatment (EVLT), foam sclerotherapy and VNUUS Closure® Procedure. Varicose veins do not tend to get better without treatment, and usually get worse with time. So don’t feel forced to hide your legs – book an appointment with Professor Edwards and discover how you can treat and beat varicose veins.

Gynaecology

Women have their own health issues which deserve special consideration. Consequently the Spire North Liverpool Consulting Rooms offer the latest modern diagnostic tests, scans and medical expert-led services all at one location for gynaecology care. From menstrual matters to menopause, fertility checks to prolapses, cervical smears to endometriosis – whatever your gynaecology worries Spire’s comprehensive services could help.
